

# Cisco WebEx Meeting Center

Increase productivity and reduce travel costs with Cisco WebEx™, now integrated with best-in-class global conference calling from PGI. Empower your workforce to find, connect, and collaborate with anyone, anywhere, anytime!

## Highlights:

- > Share applications, presentations, documents, and your PC desktop in real time.
- > Take care of business more efficiently by eliminating back-and-forth email.
- > Work with teams across the map—all you need is Internet access.
- > Maximise your resources by bringing people together without travel time and expense.

## Accelerate productivity and drive business growth.

Optimise business processes and empower your workforce with online collaboration using Cisco WebEx Meeting Center from PGI. Bring remote designers and engineers together to review the latest plans. Conduct regular meetings among geographically dispersed staff members. Hold lively creative sessions with your marketing and advertising teams. Increase productivity by giving every department access to WebEx Meeting Center with integrated audio.

### Meet over the web in real time.

Launch or join a meeting using any web browser. It's easy with WebEx solutions from PGI. Communicate information and share documents, presentations, and applications just like you do in person. Pitch ideas. Demonstrate products. Discuss the hot issues. Give invitees the option to connect by phone or VoIP on their computer, or by mobile phone, regardless of location.

### Coordinate meetings easily.

Keep everything running smoothly using Cisco WebEx Meeting Center PowerPanels with separate attendee and host views. Deliver clear, interactive full-screen presentations and show documents to participants. Manage meeting functions behind the scenes with control panels.

## Make online meetings easy and productive with a powerful set of features:

- > Document, Application, and Desktop Sharing
- > Rich Multimedia Experience
- > Integrated Audio
- > Active Talker
- > Video Conferencing
- > Meeting Recording, Editing, and Playback
- > Desktop Integration Suite
- > One-Click Meeting Access
- > Easy Meeting Invites
- > Enterprise Integration
- > Cross-Platform Support
- > WebEx MediaTone Performance and Reliability
- > Enhanced Security for Secure Meetings
- > PowerPanels™
- > Presentation Notes Panel
- > Robust Language Support

## Count on PGI for secure, scalable Cisco WebEx service.

With PGI as your collaboration partner, your enterprise can tap the full potential of your Cisco WebEx investment, lowering your total cost of ownership without the headaches and resource costs of managing the latest software updates and improvements. No new software or hardware is required, making these services easy to implement and scale as your needs change.

## Instantly Conference with Integrated Audio from PGI

PGI's award winning global conference calling services can be integrated with the Cisco WebEx Web Conferencing platform. Enjoy a seamless experience and control all audio aspects of the meeting directly from the desktop, so participants stay focused and are more productive. Audio integration features include:

- > Synchronized web and voice recordings
- > The ability to mute all participants with one command
- > Security features (lock call, optional extra security codes)
- > Custom conference greetings recorded by you
- > 24/7 Live Assistance – simply press \*0 on your phone for both web and audio support
