ANYTIME AUDIO WITH READYCONFERENCE® GLOBALMEET®

Connect Locally, Meet Globally. *Need to host a meeting with people outside the United States? With ReadyConference GlobalMeet, you can instantly coordinate worldwide audio meetings and get your business done. Invite guests to dial in from their office, home or mobile phone – from around the world, at anytime.*

Bridge the Gap

GlobalMeet is a reservationless audio conferencing service that gives you access to more than 90 International Toll-Free (ITF) and local access points around the globe, including all the major business centers. We give you the same quality, flexibility and reliability you get with ReadyConference® Plus, but with worldwide reach.

Meeting Management Features

With GlobalMeet, you get all of the innovative audio features of ReadyConference Plus including:

- › Unique passcodes for hosts and guests to access and control the quality of the meeting
- › 24/7 operator assistance
- › Mute/un-mute and individual volume controls
- › Quick dial-out capabilities to add in participants
- › Recording at the touch of a button
- › Integration with web conferencing for a true collaborative meeting
- › Online account management to view meeting reports, access recordings and adjust preferences

Security

Increase the security levels of your meeting with features like:

- › Additional security code that can be enabled by the host and provided to participants
- › Announce participant names as they enter or exit the meeting
- › Keeping participants on hold until the Host joins
- › Conducting a roll call of all the people in the meeting

Easy Mobile Access

Premiere Global's unique mobile application gives you a fast and easy way to start your meetings without having to remember lengthy dial-in numbers or passcodes. Account numbers are automatically integrated into the application, so all the user has to do is press a button to be connected. It's that simple. This application works with all major mobile devices, like Blackberry and iPhone and is a free download for GlobalMeet customers.

Benefits of Using GlobalMeet

- › **Flexibility and Affordability.** Local and International toll-free numbers give you and your participants multiple options to join your conference.
- › **Convenience.** Easy-to-use automated features require no reservations or operator assistance. Meet at anytime, from anywhere.
- › **Speed.** Local Access numbers utilize a fast IP Network connecting you to clients and colleagues anywhere in the world. Dial direct without operators or reservations.
- › **Increased Productivity.** Meet whenever you want. No need to account for travel time.
