

## PGi Corporate Fact Sheet

**Premiere Global Services, Inc. is a global provider of applied communication technologies.**

Founded by Chairman and CEO, Boland T. Jones in 1991, Premiere Global has an established customer base of over 50,000 companies, including nearly 95% of the Fortune 500™.

The Premiere Global Communications Operating System (PGi<sup>SM</sup>COS) supports business applications within the following solutions sets:

- › Audio, Web and Event Conferencing & Collaboration
- › Fax & Document Delivery
- › eMarketing
- › Notifications & Reminders

To support customer integration and application development, the company launched PGiConnect.com, an online developer community that allows developers, partners and customers to access the PGiCOS via an open-source, standards-based application programming interface (API).
