

Premium Video Room Connector

Collaborate From Any Video Room, Anytime

Seamless Integration

Interoperability with the most popular conferencing systems, including Cisco/Tandberg, LifeSize, Polycom and more.

Real-Time Collaboration

Users can easily join via video endpoints, regardless of location or device.

Superior Quality

High-definition audio and video and reliable content sharing.

GlobalMeet's Video Room Connector (VRC) feature brings your room-based conferencing system to life with a single, easy-to-use solution for your video, web and audio conferencing needs. With superior video quality and seamless integration with your existing room-based video system, you can experience reliable video collaboration anytime at a low cost.

Bring Your Room-Based Conferencing System to Life

Use the VRC feature in GlobalMeet® to collaborate from any video room, anytime, with HD audio and video and reliable content sharing. Experience engaging meetings with seamless interoperability from any video conferencing system, including Cisco/Tandberg, LifeSize, Polycom and more, to GlobalMeet via SIP and H.323 protocols.

Break Through Physical Boundaries

VRC joins laptop and mobile users with live attendees via video endpoints to the same personal and engaging meeting experience in GlobalMeet. Users can seamlessly connect to any room, regardless of location or specific device.

Always-On Connection

Connect to a GlobalMeet meeting from any video conference or huddle room and collaborate anytime.

Superior Meeting Quality

Engage participants with high-quality and flawless HD audio and video.

Interoperability with H.323 and SIP

Works with the most popular conferencing systems, including Cisco/Tandberg, LifeSize, Polycom and more.

Universal Access

Users can easily join meetings in real-time via video endpoints, regardless of location or device.

Engaging Video Layouts

Experience video layouts with up to six video cubes and simultaneous screen share.

Content Sharing Made Easy

Instantly share your screen to display presentations, documents and videos with attendees.

Easy Connections for External Guests

Seamlessly works with any other video room solutions to connect guests to your meeting.

Supports Current & Future Integrations

Integrate with any legacy or new standards-based video room system.

Easily Invite participants

Invitations automatically populate H.323/SIP dial-in credentials to connect guests to your meeting.
