COMMITTED TO MAKING EVERY WEBEX MEETING BETTER

Crystal-clear audio quality

Improve your meeting experience and increase productivity with higher quality audio conferencing.

Global coverage

Connect participants from across the globe with more than 160 local access points and regional softphone servers.

Hybrid audio

Support dial-in, dial-out and VoIP calls in the same meeting and connect participants from both inside and outside of the company.

Easily integrated

Set up your audio service quickly through the familiar WebEx interface requiring no additional end user training.

Large meeting capacity

Deliver superior audio quality on calls with up to 300 participants.

Enterprise-grade audio network

Gain the reliability of GlobalMeet's hybrid IP audio network that hosts more than 60 million meetings each year.

Easy softphone installation

Choose to manually deploy the GlobalMeet softphone to users or allow meeting participants to self-install.

Reduced conferencing costs

Decrease reliance on costly PSTN connections with a single per minute VoIP rate from any location in the world.
